About Us

Vireo Tuition is online tutoring for ages 8 to 18, for families in the UK and around the world.

We're a small, bespoke agency, and we like it that way. We get to know each family before we suggest a tutor, and that doesn't stop once lessons begin. Because we know the students we work with, their support can change as they do, whether that's a new focus before exams or a gentler pace after a difficult term. When you have a question, you'll speak to someone who knows your child and can give you a proper answer.

Between us, our team brings decades of classroom experience. We've taught students who are doing well and want to go further, and students who've lost their confidence. We've taught students aiming for a scholarship and students who need one particular pass to move on. Whatever brings you to us, there's very likely someone on the team who has helped a student in the same position before.

Our tutors are talented, experienced UK teachers who have held positions of responsibility in schools, and many are examiners. That matters more than it might sound. They know how schools work and what the mark schemes reward, and they can show your child how to get what they know onto the page.

Results that mean something for your child

We're proud of our track record, and we're comfortable saying we're results-focused. What a great result looks like depends on the child. For one student it's a 9 or an A*. For another it's the grade that keeps their sixth form plans on track, or a place at the school they've set their heart on. We'll help with all of these.

Time and again, we've seen progress come more easily when a student trusts their tutor. A student who feels understood is more willing to ask the question they've been avoiding, or to have another go at the essay that went wrong. So we take our time over every match, pairing your child with someone who suits their personality and the way they learn, as well as their subject.

The right relationship is often where the results begin.

Our Story

Jane is a former Assistant Principal and Director of English but, first and foremost, she is a teacher of English. She began teaching in 2004, and her career has included roles as Assistant Vice Principal for Learning & Teaching and Specialist Leader of Education. Her work was featured as a case study in the HMI report Excellence in English, and she has delivered training at national conferences and worked with schools as a consultant.

She has been an examiner since 2013, marking GCSE, IGCSE and A level papers for a range of exam boards. She has also worked with Ofqual on research projects, and with the Department for Education on longitudinal research that informs grading procedures. It means she knows, in a great deal of detail, what examiners are looking for.

Jane became an independent tutor in 2014, following the birth of her son. Word spread, and families from around the world came to her for GCSE, IGCSE, A level and IB English, and for help with entrance exams to independent schools in the UK and the USA. As demand grew, she brought other experienced teachers alongside her. In 2024, Jane Bilham Tuition became Vireo Tuition, part of Vireo Education Ltd, and today our team works with families in the UK and internationally.

What hasn't changed is the reason she started: helping each student reach the result that matters to them, with a tutor who gets to know them properly.

English Lang and Lit were both 9s!

*I definitely believe this is down to her hard work and Cathy and Craig's work with her as she was at a loss of how to obtain the marks before she started. Many thanks for all your help.

What our parents say...

A 9 in English!

Good news - J got a 9 in English! Thanks so much to you and Hayley for all your help, he's very pleased.

Parent of Year 11 student

She was very shocked...

Please say thank you to Craig. English Language was a 6 up from a 4 in mocks and literature was a 5 up from a 2. She was very shocked and it's enabled her to get into her chosen sixth form to study A-levels. Thanks again.

Parent of Year 11 student

I wouldn't hesitate to recommend...

She was particularly pleased with her English Literature, which was a level 8, which she informs me she had never gained above a 6 before! Thank you for the support you have given her; I know it has made a big difference. Thank you also for being a trusted and reliable source for our tuition, which I wouldn't hesitate to recommend to others and use in the future should child No.2 require some help.

Parent of Year 11 student

We are so proud of her...

N got 45... Cambridge. We are so proud of her. Thanks so much Jane.

Parent of IB student in Singapore

We are super pleased...

I just wanted to let you know that he did amazing in his exams. For the subjects you helped us with he got 9s for Maths, Further Maths and Physics, a 7 in Geography and two 6's in English. He and we are super pleased. Thank you so much for all your help.

What our parents say...

The best score in her class!

O had her checkpoint last week about Of Mice and Men and she had the best score in her class -26/30! The average score was 16! Her teacher gave her grade 8-9! Thank you so much. She wouldn't have achieved such a great score without your help.

Now we know he has his English...

He got a grade 4 he is over the moon. I can't thank you and Hayley enough as without you both he wouldn't have been able to achieve this... now we know he has his English this makes it much easier.

Parent of Year 12 resit student

We are very grateful for your teaching...

Today is the last day of the school year. The English teacher wants to move her to the top class, which is the class everyone desires! It's rare for students in 9th grade to be moved, but this time, two children got the chance, and O is one of them. We are very grateful for your teaching.

We are very happy to have the opportunity to be moved because there are only two Chinese students in the English top class, and they both joined the school in grade 1.

She is so professional!

Catherine helped A deeply understand the text, inspiring her desire to read. Thank you so much! The lesson was amazing!

Good news to share...

Please say thank you to Ryan from us and J - she got 3 offers from Harrogate Ladies, Queen Ethelburga and St Lawrence. It's a headache to make a decision now!

What our parents say...

Offer from Cheltenham Ladies' College

Please let Miss Catherine know that she successfully received the offer from Cheltenham Ladies' College.

We have accepted the Westminster Offer...

You are, without doubt, the best English teacher we have ever had. We truly appreciate your dedication ... I specifically credited you for helping her achieve such wonderful results. She's incredibly grateful.

Your guidance was extremely helpful...

During the parents call, J's English teacher at Winchester mentioned he did very well in his recent exam, particularly impressive on Q5 and she even showed this to other teachers as an example. J indeed felt your guidance was extremely helpful, he would not be able to do that well without the sessions with his tutor.

I wish I had found you earlier...

He really likes both tutors and finds them better than a lot of previous ones. Thanks so much. I will be definitely sharing your info with anyone who asks.

You have been inspirational...

I know M has let you know about her A. I just want to thank you from the bottom of my heart - she could not have achieved this without you. I think I've said it before, but words are not enough to express my gratitude and respect.*

I am very aware of how hard you must have worked to get her there. Quite simply, you have been inspirational.

What our parents say...

Amazing!

Kelly is really professional at teaching Primary reading. She used plenty of ways to help kids understand the ideas of articles. Amazing! Thank you for recommending professional teachers. From the teacher you chose, I can tell how professional you are.

Singing your praises...

A is singing your praises and is sure that you helped elevate her grade - thank you so much for everything!

Your guidance has made a world of difference...

...Especially to her confidence. I'm just blown away that the motivation and drive to work with a tutor has come from her. She very clearly expressed how much your guidance is helping.

You're amazing!

Thanks so much for all the effort with connecting and organising lessons. You're amazing for having such great teachers!

SIX offers from Top 10 Schools...

I wanted to let you know that S received 6 offers from the Top 10 high schools in America!

Thank you for all of your help.
